### ABOUT ME

I specialize in data analytics and data management. My skills include writing queries, programming, task automation, inferential statistics, data collection, data wrangling, data visualization, data scraping. I have 6+ years' experience in R, RStudio, Excel, and PowerPoint; 3 years' experience with STATA; 2+ years' experience with Tableau and Qualtrics; 1 year or less with SQL Server Mgmt Studio, Jupyter Notebook, Power BI, GitHub, Adobe Illustrator. I have certifications in Data Engineering and Data Science and a Master of Science in International Security.

### EXAMPLES OF MY WORK

### SKILLS

### ANNUAL PROJECTS

- Oct 2021-SEP 2022  
Pandemic EBT 2022
- JUNE 2022-JUNE 2023  
2023 COVID Waiver Op-In Survey
- MAR-MAY 2022  
CEP Annual Notification Report
- MAR 2022  
Data Training Needs Survey
- JAN-FEB 2022  
School Meal Operations Survey
- JAN 2022  
FNS-828 Paid Lunch Price Report
- Oct-Nov 2021  
Food Safety Inspection Report
- Oct 2021-JAN 2022  
October Survey
- SEP-OCT 2021  
CNP Annual Report
- JULY-AUG 2021  
FRAC Afterschool Meals Survey
- JULY 2021  
Utah Breakfast Map

### SOFTWARE

### LANGUAGES

### STATISTICAL MODELING

- Event Analysis
- Logit Regression
- Outlier Detection
- ANOVA / MANOVA
- Difference-In-Means
- Markov Chain Analysis
- Difference-In-Differences
- Multiple Linear Regression
- Linear Discriminant Analysis
- Discontinuity Research Design
- Generalized Linear Regression

## WORK

### 2022 - PRESENT

#### PARTNER

##### COLLISION LABS (STARTUP)

- Chemical manufacturing and wholesale distribution of nutritional supplements inside the United States.
- Much of our time is spent networking, finding suppliers and customers, buying lab equipment, and creating product.
- R retrieves transaction data via B2B APIs, verifies the shipping address and prints a shipping label.
- Data base under construction.

### 2019 - 2022

#### DATA SPECIALIST

##### UTAH STATE BOARD OF EDUCATION

- Routine duties included presenting in townhall discussions to districts and charter schools, weekly data pulls from Qualtrics, the FNS-905 Summer Meals Report, the SNP Claims Variance Report, the CACFP Claims Variance Report, the Summer Meal Counts Comparison Report, the Count of Sponsors and Sites by Program Report, and ongoing professional development.
- Worked collaboratively with management and specialists to design and administer data collections.
- Fulfilled internal and external data requests and providing ad hoc visualizations upon request.
- Served as the Primary Point of Contact on specified reports; Second Set-of-Eyes on specified reports.
- Developed and maintained Standard Operating Procedures for specified reports.
- Achievements included Pandemic EBT, statistical refinements to the claims variance reports, and the incorporation of R and Tableau to software architecture and CNP reporting process.

### 2007 - 2019

#### TECHNOLOGIST

##### PSG PROFESSIONAL SERVICES

- Performed sleep diagnostics, generated physician reports, and managed patient records vis-à-vis the Easy III database.
- Neurophysiological data such as EEG, EOG, EMG, EKG, oxygen saturation, and respiratory flow collected on each patient.
- Identified sleep stage, REM sleep, epics of wakefulness, and abnormal event data such as arousals, apneas, and involuntary limb movements.

## EDUCATION

### SPRING 2023

#### MASTER OF SCIENCE, INTERNATIONAL SECURITY

Utah State University, Logan, Utah

### 2022

#### IBM DATA ENGINEERING PROFESSIONAL CERTIFICATE

### 2022

#### IBM DATA SCIENCE PROFESSIONAL CERTIFICATE

### SPRING 2003

#### BACHELOR OF SCIENCE, POLITICAL SCIENCE

University of Utah, Salt Lake City, Utah
